

**The people we rely upon to serve justice, provide safety, and act as trustworthy officials have ignored and participated in the illegal termination of Cobb County Pretrial Director Wanda Spann.**

**When public officials, judges, and employees of the government have a blatant disregard for the law we may feel discouraged; but we must remember that as citizens we are very powerful.**

**Let us unite as a community and spread the word about Wanda Spann and the corruption that exists in the Georgia Court System.**

**We have the power of the vote. We have the power of knowledge. We as the people are powerful, there is strength in numbers.**

**As a supporter there are several avenues you can take to help bring restoration to Wanda Spann. Every person counts and every little action of support gets us closer to our goal.**

**Remember that you are needed. Wanda Spann is innocent and suffering every day with absolutely no recourse or support from the justice system. You play a key role in making sure Wanda Spann is restored.**

**Let her voice be heard.**
